## Special Permission for the use of Portable Multimedia Devices in the classroom.

Dear Parent/Caregiver

These days our mobile phones are so much more than just phones. They allow us to connect and communicate with the world using a wide variety of media.

With this in mind, as your student's Multimedia teacher, I have decided that it may be beneficial to allow students access to the Multimedia capabilities of their own smartphones, iphones, tablets and ipads in the classroom. The allowed capabilities will include photo, video and sound recording and the associated software applications used to edit these items. These resources will augment the excellent resources already provided by the school for this subject.

To ensure that students are using their phones etc. purely for classroom activities it will be a requirement that these devices are switched to **Flight Mode** during class time. This will prevent the use of internet, phone and messaging capabilities.

Outside of Multimedia class times the whole school policy and restrictions concerning the use of mobile phones etc. will still apply.

If you and your student agree with these conditions please complete and sign the return slip below.

Yours in Christ  
Steve Kelly

✂.....

I hereby apply for special permission for ..... to use his/her mobile phone/tablet/ipad in Multimedia classes under the conditions outlined above. He/she is aware of the extra responsibilities associated with this permission and is willing to comply with the conditions stated.
